**Fabbers: The Ennex Archive
of 3D Printing Resources and Artifacts
at the Eberly Family Special Collections Library, Pennsylvania State University**

Dedicated to the entrepreneurs
who pioneered the additive fabricator industry:
Chuck Hull, Scott Crump, Carl Deckard, and Michael Feygin

Acknowledgments

Ennex would like to thank the hundreds of people who helped build and run our fabricator business. Without their hard work, inspiration, dedication, and financial support, there would be no *Fabbers Archive*. Some of the more prominent participants in our work are listed below, with some in more than one category, as appropriate.

Major, long-term advisors and partners: **Ken Hayworth, Neil Jackson, John Metelnick, Bill Robbins, Alan Dunn**

Engineers: **Ken Hayworth, Jorge De Joya, Pete Nicholson, Jim Myres, Mark Walther, Bob Reid**, Grady Columbia, Kim McGinnis, Paul Janowski, Ralf Larson

Business advisors: **Alan Dunn, Lee Ault, Joel Orr, Peter Diamandis**, Ron Roudebush, Terry Feeley, Steve Gebler, Ken Masco, Paul Roth, Jack Barnard

Clients: Arthur Ciccolo (IBM), Charles Swartz (Dow Chemical), Michael Dröscher and Margarete Gersemann (Hüls AG), Ted Izen (Rockwell International), Phil Whalen (AlliedSignal), Ralph Wachter (US Navy), Joseph Ben-Dak (United Nations), **Mike Hays (Prentice-Hall)**, Jeff Black (Arthur Andersen), Nick Nichols (Caltech), Stephen Wolfe and Geoff Smith-Moritz (*Rapid Prototyping Report*), Scott Crump (Stratasys), Chuck Wilkes (GenCorp), James Withers (Materials & Electrochemical Research), Brian Reuter (Teltech Resource Network), Simon Cherry (Crump Institute for Biological Imaging), Kazuo Senoo (EMA Japan), Larry André (Solidiform), John Metelnick and Andy Metelnick (Wielgus Product Models), Stewart Maws (Management Roundtable)

Board of Customers: **Randy Harrison (Sandia National Labs)**, Tony Enriquez (Walt Disney Imagineering), Mark Mayer (Mattel Toys), Rick Smith (Frank Gehry & Associates), Jerry Dovin (Powers Design), Elaine Hunt (Clemson University)

Strategic partners: Sheldon Wigdor (Xerox), Susan Teeters and Ron Hix (Avery Dennison), Tom Tolles (Viewpoint Datalabs), Alair Griffin (Lone Peak)

Academic colleagues: **Berok Khoshnevis, Phill Dickens**, Elaine Hunt, Rand German, James Howison, Ravi Kumar, Charles Thomas, Unny Menon, Kris Pister, Brian Fabes, Elly Sachs, Cliff Ballard, Stephen Danforth

Industry colleagues: **Yakov Horenstein**, Brock Hinzmann, Stewart Dickson, Ed Grenda, Rapid Prototyping Mailing List (RP-ML)

Publicity: **Randy Bellous**, Neil Jackson, Robert Radi, Peter Lewis, Scott Faber, Ron Adams, Keith Morrison

Lawyers and accountants: **John Connors**, Ira Moskatel, Jim Siegfried, Dan Christopher, Marty Josephson, Randy Gold

Moral support: **Mary Teeple, Neil Jackson, John Metelnick, Perry Burns and Evelyn Weinrib, Ezekiel Kruglick** and other brothers of UCLA Triangle Fraternity, Alan Sager, Andy McMullen, Corey Adler

And in 2016..17: Data conversion: **Brian Bartelt and Desmond Johnson (Post Haste Digital:** video tapes), George Sachs (Trispectives files), Mick McGuire (Cyberware file), Jan Andrzejewski (Quadrax ball in cage)

Archive preparation: **Arthur Fournier**

For information about roles played by and affiliations of these people, and many others too numerous to mention who contributed to Ennex's work, see the acknowledgments in the book, *Automated Fabrication*, the credits in the video, *The Fabricator Revolution*, the Ennex business plans of March 1997, December 1998, and June 2000, our reports to consulting clients, and the self-introductions in the video tapes of the Board of Customers meetings.
